

Technical Specification

FEED BELT / MAGNETIC BAND

Version: For Inquiry

Revision: 0

Date: 24-Nov-2023

MAGNETIC BAND

HIGH GRADIENT MAGNETIC ELECTROMAGNET
ALLOWING THE RECOVERY OF EVEN THE SMALLEST
IRON CONTAMINANTS. THIS MAGNETIC FIELD ALSO
FACILITATES THE LIFT OF HEAVIER FOREIGN METALS.

DESIGNED TO SUSPENSION AT A HEIGHT OF 18" ON
CONVEYORS WITH WIDTHS OF 1.6 METERS ALONG
THEIR MATERIAL TRANSFER BELTS.

CONTROL BOARDS

High Gradient Magnetic Electromagnet
Allows recovery of even the smallest iron
contaminants. This magnetic field also
facilitates the lifting of heavier foreign
metals.

Designed for suspension at a height of 18"
on conveyors with widths of 1.6 meters
along their material transfer belts.
